Dear Michael,

RE: FILM "BARCELONA KILL"

As you suggested me during your trip to Hongkong, I will try to release this picture and for that matter I will need two prints of this picture in hot version.

In fact, as you remember certainly, I asked you if there are some special sequences with nudegirls and you mentioned to me that there was such version showing some nude sequences in the picture.

So, if really there are some nudesequences in that picture, it may be possible that we have a chance to make a little money in Hongkong with this picture.

So, if there is a hot version of this picture, please be kind enough to send us very urgently by air two prints in "hot version" of this picture.

However, if there is no hot version, we need only one print, because we already had one in our stock.

You can send those prints on COD for payment, or if you prefer, you can ask the laboratory to send us an invoice and we will proceed to the payment by cheque.

We enclose herewith for confirmation our official order, and we will appreciate it very much if you take care this matter very urgently.

Looking forward to hearing from you. With thanks and best regards.

Yours sincerely,
