Mr. Lee Marvin,
12 Park Street,
LONDON, W.1.

Dear Lee:

It was really terrific speaking to you the other day and I would love to see you while you are still in London, but I know how hectic things must be for you, but give it a try. Enclosed please find two scripts:-

"A MAN AND A HALF"

I think this is a terrific subject - timely and touching, exciting and funny. It is a relationship between a man and the boy - hence the title "A MAN AND A HALF" would be terrific - and one that I don't think you have ever done before. Sophia Loren has indicated an interest in playing the woman and of course she has just finished a film with her son, who may be right for this and was certainly very good in the film they did called "AURORA".

"DANGEROUS DAN AND THE DODGER"

I have been asked to send this to you by John Bennett, a very nice guy out of L.A. Ralph Machio, the boy from "KARATE KID" is keen on doing the film with you and ^{John} is talking to some directors at this moment.

Anyway, it's nice to be directly in touch with you again. Getting to hear from Meir's office is not easy. Please give me a ring before you leave London. We are going to L.A. next Tuesday, 11th December, and perhaps we can get together there - if not here.

All the best to Pamela and yourself.

Fondest regards,

Yours sincerely,

MICHAEL KLINGER
