THE PUSHOVERS

Original Screenplay by David Shaber & Tony Klinger

Synopsis

A correct and proper British insurance investigator is put on the case of the biggest cash robbery in the history of Switzerland.

The trail takes him to America where he is forced to team up with an offbeat, outrageous black New Yorker (LOU GOSSETT Jr.)

The two men hate each other, but are compelled to follow the trail right across America, in a hilarious, action-packed comedy/adventure.
